JOB DESCRIPTION: WELDER

Barreto Manufacturing is seeking a skilled and reliable Welder to join our manufacturing team. This position involves MIG welding, reading work orders and blueprints, and tracking production. The role also includes prepping finished weldments for transfer to the next department, performing cycle counts, and using a variety of tools and equipment. Occasional heavy lifting is required.

Responsibilities:

- Perform MIG welding on various parts and assemblies.
- Read and interpret work orders and blueprints to complete tasks accurately.
- Clock in/out of jobs to report production and maintain workflow tracking.
- Stack and wrap finished weldments for transfer to Powder Coat or Assembly.
- Perform cycle counts on completed weldments for inventory accuracy.
- Operate tools and equipment: hand tools, press brake, wire wheel, and hammers.
- Follow all safety protocols and maintain a clean, organized work area.

Qualifications:

- Proficiency in MIG welding; welding certification is a plus.
- Ability to read and interpret work orders, prints, and technical drawings.
- Familiarity with common fabrication tools and equipment.
- Forklift experience preferred.
- Strong attention to detail and ability to work independently.

Benefits:

- Competitive compensation
- Opportunities for growth and advancement
- Health insurance options
- Retirement plan
